

SENATOR SCHMIT: No I'm not. I would just like to know what the procedure is because I have a bill I'd like to bring up if I could.

PRESIDENT: Well, stand by in that I do have--Senator Lewis, for what purpose do you rise?

SENATOR LEWIS: Mr. Chairman, about an hour ago, I made the same request to the Speaker. I said that I had a non controversial bill. Since I sat through 25 of them on Friday, I thought this might be a good time to dispose of mine also, that was number 363. I'm sorry I did not make that in --

PRESIDENT: Senator Proud, the Chair's in a little bit of a bind here because I have also in front of me 1, 2, 3, 4, 5 bills submitted by Senator Whitney, Retirement Committee and apparently there has been a rash here now of requests to handle bills. Do you have comment?

SENATOR PROUD: Yes, I can help that out; supposedly it's my, one of my few responsibilities as Speaker to set the order and these gentlemen have come to me and therefore, I, as far as I am concerned, I set the order; Senator Richendifer, Senator Frank Lewis, Senator Richard Lewis and Senator Whitney and then we go from there.

PRESIDENT: Richendifer; say it again--

SENATOR PROUD: Senator Richendifer, Senator Frank Lewis, Senator Richard Lewis and Senator Whitney. Those are about in order these gentlemen came to me.

PRESIDENT: Lewis and Whitney? Thank you sir. All right. Back to L.B. 319. Are there any objections to taking up 319? Senator Warner, your light is on, are you objecting to 319?

SENATOR WARNER: Well, I can ask my question I guess and then I would know if I am or not.

PRESIDENT: Okay, go ahead.

SENATOR WARNER: The committee amendment indicates that this additional fee will be set up for a computerization fund which the Department is planning and if that is going to proceed otherwise, I think it's excellent and what I do not know is if the Budget Committee has authorized that computerization of the Department of Motor Vehicles and the funds that would be required in addition to what these would raise. Senator Blair, do you know?

SENATOR RICHENDIFER: Well, I can't answer that on the, from the Budget Committee's standpoint but I would say this; that the additional revenue that is generated could be held because the computerization is coming. I also am asking for the emergency clause because we can have these funds start coming in and not have to take any money out of general, possibly not have to take any money out of general fund to put in the computerization.

PRESIDENT: Senator Warner, what do you say?

SENATOR WARNER: Could I request of Senator Marvel what the status of it is?

PRESIDENT: Senator Marvel, do you care to respond?

SENATOR MARVEL: If I understand the discussion, it has to do with fees collected which would be put in a special fund for the Motor Vehicle Department to be used in computerization and the question is whether there is any money in the budget at the
